Lionel RR Structures That Were Never Made...Until Now

During WW2, Lionel announced a new series of railroad buildings made out of wood. Other materials had been prioritized for the war effort, and wood was the best choice. But the 1/4-inch scale buildings were never made. Until now.

New from TM... Custom-Built, All-Wood Railroad Structures

RJ Walpole is a master modeler and cabinetmaker. He's also a toy train nut. RJ came up with the idea to build those railroad structures Lionel announced during war. TM suggested RJ make a prototype and take it to some trade shows to see if there's any interest. So here we go.

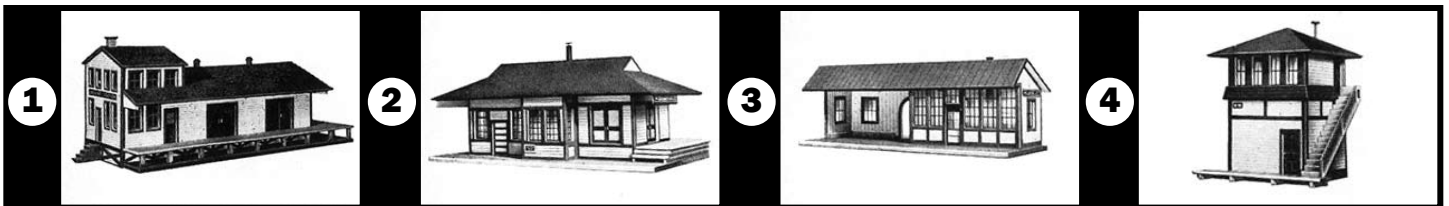

Scanned from 1942 Lionel Brochure

- 100% scratch-built by RJ in the USA
- Not a kit
- Completely assembled painted, trimmed, and ready-to-go
- Models are made of wood. So were the real-life structures
- Each a masterpiece of model-making
- Extremely limited production
- Each model numbered and signed
- Quarter-inch scale
- Illuminated
- Standard Gauge Models also available
- All trim pieces individually applied
- Made in the U.S.A.

Custom Building Designs

Each one a masterpiece of model-making, solidly constructed, tightly assembled and ready to occupy a place of distinction on any model railroad.

1. Freight Station No. 637AW

Typical small-city freight station. Wide, roof-covered platforms, painted to resemble planking.
8 x 16 x 7" high. \$175

2. Passenger Station No. 620AW

Combination passenger and express station
8 1/2 x 12 x 5" high. \$140.95

3. Platform Waiting Room No. 623AW

Perfect for a small town, flag-stop station.
5 1/2 x 11 3/4 x 4-3/8 \$99.95

4. Interlocking Tower No. 638AW

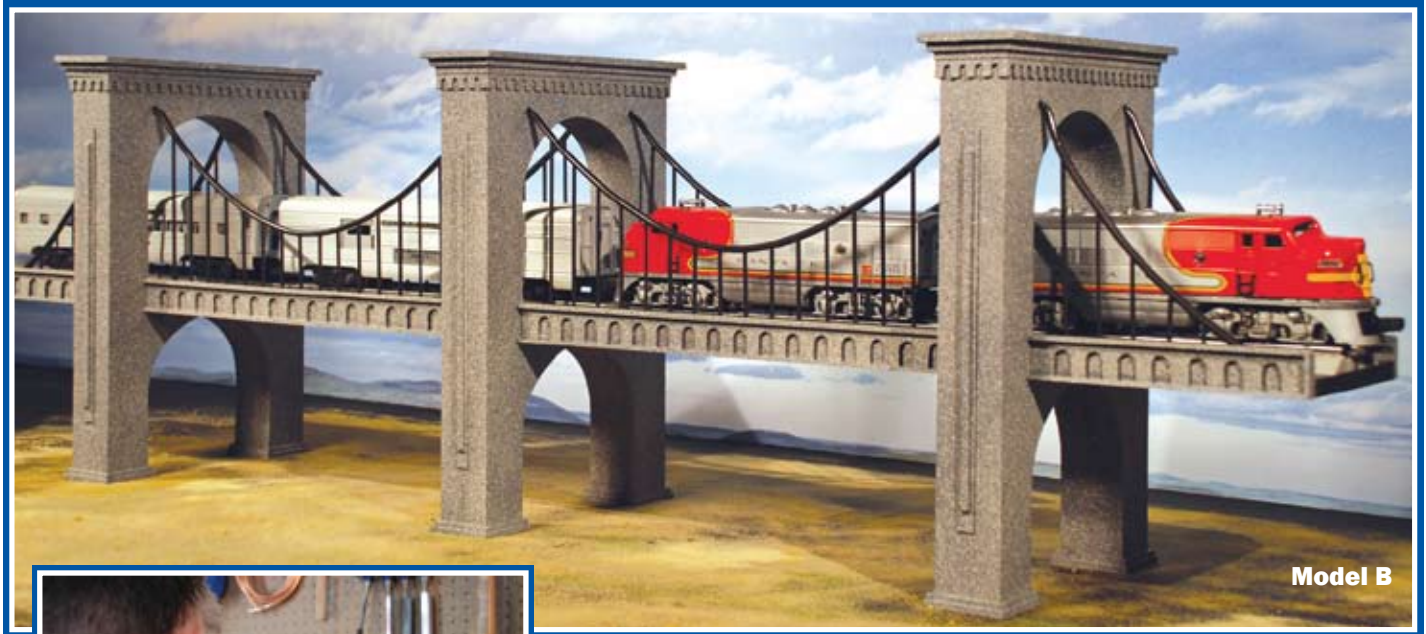

Model of signal towers seen on many American railroads. Trim applied.
5 1/2 x 6 1/4 x 6 3/4 high. \$129.95

Your Home on Your Layout

Send in a picture and RJ will create a scale model of your home, or any other structure you may want on your layout.

Bridges

Suspension, trestle, arch-under, etc. – any size, any shape

Model A – 40” Span with two support towers, **\$399.95**

Model B – 56” Span with three support towers, **\$499.95**

Span height designed to match with Lionel graduated trestle set. Custom sizes available. See list of available extras.

Bridge Extras
